JUNIOR DESIGNER CHALLENGE

My Tinkercad Keychain

Junior Designer Challenge Session 1

Name:	Class:	Date:

Plan your keychain or name tag, then build it in Tinkercad with exact sizes.

Part 1: My sketch

Sketch your keychain or name tag from the top. Label the length, width and the ring hole.

Part 2: My sizes

Part	Length (mm)	Width (mm)	Height (mm)
Base			
Ring hole			
Text			

Part 3: Size checklist

- ☐ My keychain is no longer than 60 mm.
- ☐ My ring hole is 4 mm wide.
- ☐ The hole is at least 3 mm from the edge.
- ☐ My text is raised 1 mm above the base.
- ☐ I grouped and named my design.

Part 4: Tool talk

Explain what the hole shape and group tools do.
