PHOTON AI MISSION

Photon System and Route

Photon AI Mission Session 1

Name:	Class:	Date:

Describe Photon as a system, then plan and code a precise route.

Part 1: Photon as a system

Sense (inputs)	Think (program)	Act (outputs)

Part 2: My route plan

Draw your route on the mat. Write the distance of each move and the angle of each turn.

Part 3: My flowchart

Draw the flowchart for your route using ovals, rectangles and arrows.

Part 4: Test log

Test	Distance from target (cm)	What I changed
